## SAY SAILOR WANTED CHAMPAGNE TOO CHEAP

Roman Newspapers Complain of Petty Disturbances Started by American Seaman on Shore Leave.

ROME, Nov. 17.—Favored by a spring like day the American sailors started out early Sunday on excursions to the Alban hills, the Apennine way and Tivoli. Some went to Ostia to inspect the ruins of the seaport of ancient Rome.

Rear Admiral Chas. J. Badger, commander in chief of the Atlantic fleet, accompanied by the naval attaché, Lieut. Commander Richard D. White, has gone to Naples to pay farewell visits to the Duke of Aosta and other Italian officials.

While the behavior of the American sailors for the most part has been exemplary, some of the newspapers complain that at Naples, the actions of the few bluejackets were "deplorable." In some instances, these papers charge, peaceful citizens were molested, and the behavior of the sailors caused exasperation.

Several fights have taken place among the sailors themselves, with the result that some of the men have been taken to hospitals. Several incidents cited, although not very serious in themselves, caused not a little annoyance. One case was a sailor put a bottle of champagne in his pocket and declined to pay more than ten cents for it. He was followed by the proprietor of the place, who was roughly handled when he attempted to recover his property. In another case a group of sailors tore a feather from a woman's hat and struggled among themselves as to who should wear it in his cap.

The newspapers urge the authorities to check such occurrences.

## RICKEY INSTITUTES ANOTHER INNOVATION

Branch Says Wives and Children Suffer From Fines and Players Must Work Them Off.

ST. LOUIS, Nov. 17.—Because he believes it unfair to make the wives and children of players suffer for their errors, Branch Rickey, the new manager of the Browns, will do away with the practice of fining his men next season. Instead he will make them do extra work. In morning batting practice an offender will be forced to run to first base every time he hits the ball, and if his offense is a grave one he will have to invest several hours daily helping the groundskeeper cutting the grass and rolling the base lines. This Rickey, declares, may result in the Browns having one of the best ball parks in the country in a short time, and the only sufferer for the player's folly will be the player himself.

## \$20 Beauty Treatments 5c

No Lotion, Cream or Cosmetic Will Do As Much for Your Complexion As Borax.

Creams, lotions and cosmetics only cover up the defects of the complexion and sometimes clog up the pores of the skin. This is working against nature, for it is not natural for the pores to be clogged up, and the result is a yellow, sallow, lifeless complexion.

If you would have a beautiful, soft, white skin, free from disfiguring blackheads, pimples, etc., cleanse the skin in this way: To a quart of hot water add a tablespoonful of powdered Borax, and it will be ready for use almost immediately. Bathe your face and hands for several minutes morning and night in the usual way. Then finish with a dash of cold water to close the pores, and dry thoroughly.

A score of other beauty secrets are given in the little booklet, "The Magic Crystal," which will be sent free upon request. Pacific Coast Borax Co., 1550 McCormick Bldg., Chicago.

Twenty Mule Team Borax is sold by all dealers everywhere in convenient 10c and 50c packages. Be sure you get the genuine Twenty Mule Team brand.

## CORRECT TABLE MANNERS BEST INDEX TO GOOD BREEDING — BILLY BURKE

BY BILLY BURKE.

Nowhere are bad manners so quickly noticed as at table and nowhere does the average person make so many mistakes either through ignorance or carelessness.

The man with bad table manners makes a noise while eating; he does not sit erect; he is apt to tuck his napkin under his chin, and uses his finger often when polite society insists that it is better taste to use a fork.

You should always sit straight at table, neither lounging back nor reaching forward to catch each mouthful. Your waist or chest should be about eight inches from the board. When not actively occupied in the business of eating, the hands should lie quietly in the lap.

I have in mind a friend who was once greatly embarrassed because she had impressed this so carefully on her little girl.

The first time a baby was invited out and allowed to come to the "grown-up table" she looked about in horror and surprise at the elbows on the table and the "fiddling hands" fidgeting the glasses and forks of the others at the table. She stood it as long as she could and then raised her voice accusingly: "Put your paddies in your lap!"

A gentleman never seats himself at table until after his hostess is seated, whether she is a great lady of fashion, or his mother, sister or wife.

## BRING STEAMER IN WITH CARGO ABLAZE

Spanish Vessel in Good Condition Except Damage by Water—Passengers Cheer Rescuer Lustily.

HAMILTON, Bermuda, Nov. 17.—The Spanish steamer Balmes, with her cotton cargo on fire, was towed into St. George's harbor Sunday morning by the tugs Gladistan and Powerful, conveyed by the Cunard liner Pannonia. The Cunarder had on board 103 passengers of the Balmes, taken off the burning ship Friday morning in mid-ocean while heavy seas were running after a race to the rescue in answer to wireless calls for help.

When the Balmes came to anchor in the harbor, her hatches were lifted. Great clouds of smoke belched forth, but powerful pumps soon sent tons of water into her hold and drowned out the fire. The steamer is in good condition except for the damage done by the water and the fire in her cargo.

The Pannonia when she had finished her task of conveying the Balmes, pointed her prow toward New York and steamed away at 10 o'clock Sunday morning, the passengers of the Balmes lining her decks and cheering lustily.

The fire on the Balmes was discovered Wednesday night at 11 o'clock while the steamer was ploughing eastward on her trip to Cadiz, Spain, from Galveston, and Tampa, Fla. The crew of the Balmes fought the fire throughout Friday, but all the time it continued to gain headway.

Saturday night the flames had reached such proportions that it was thought they might spread to the room in the hold and that the vessel might have to be abandoned. The crew however, never let up in their endeavors to subdue the fire, and when the tugs picked up the Balmes and towed her into St. George's Sunday morning, the powerful pumps put aboard soon quenched it.

At no time until the hatches were lifted here, were there any signs of the fire above decks, except the presence of the heavy smoke.

BURGLAR'S ADVICE.  
Sir Walter Scott once defended a burglar in court and lost the case. Nevertheless, the burglar was grateful and, having invited Sir Walter to his cell, gave this advice: "I am very sorry, sir, that I have no fee to offer you—so let me beg your acceptance of two bits of advice. I am done with practice, you see, and here is my leg—"

## Health and Beauty Helps

BY MRS. MAE MARTYN.

Grace: Certainly that brittleness of hair and your dandruff are dangerous conditions and should be corrected quickly by a proper shampoo. Get some cantrox from your druggist and dissolve a teaspoonful in a cup of hot water, then pour this mixture on the head slowly and rub well. This makes an abundance of rich, cleansing lather, and rinsing leaves the scalp and hair wonderfully sweet and clean. These shampoos are very soothing to tender, itchy scalps and so invigorate the hair roots that a growth of glossy, fluffy, even-colored hair results. Cantrox shampoos are invaluable to the finest growth of hair and prevent as well as overcome all scalp and hair difficulties.

Lotta M.: Here is a simple, inexpensive treatment for hairy growths. Mix a thick paste with some powdered detolene and water. Apply to hairs not wanted and in two or three minutes rub off and the skin will be smooth and hairless. Then wash the skin to remove the remaining detolene.

Gloria: I always use a cryscol tonic for my eyes when they are weak, watery and inflamed, or use it as an eye wash when I am going to dinner or parties and wish to look especially nice. I buy an ounce of cryscol from my druggist and put into one pint clear water, then place two or three drops in each eye a few times a day until they are strong again. This eye tonic is also very good for granulated lids and will give a sparkle and delightful expression to dull, expressionless eyes.

Dolly: Your itchy scalp can be relieved and cured, as well as the falling hair, by the use of a quinine tonic which at least a dozen of my personal friends are using and making at home from an ounce of quinine dissolved in a half pint of alcohol, to which should be added a half pint of water. They use this regularly by massaging into the roots of the hair and they claim the itching stops immediately, and the hair improves the growth of the hair and helps nature make it beautiful and healthy.

Hortense: Indeed, you can easily cure that tired, depressed feeling which is accompanied with such a sallow condition of the face. They are caused by sluggish

blood (very common in the fall and winter months) which is not properly eliminating the poisons from the system. Try this blood purifier and tonic: Into one-half pint alcohol (whisky must not be used) pour one ounce karoene, then add one-half cupful sugar and hot water to make a full quart. Take one tablespoonful of this old-fashioned blood cleanser and tonic before each meal. This is splendid for that weak, worn feeling and restores the kidneys to normal action and the blood to a healthy condition. Its timely use will save much serious sickness.

Teacher: In your case the wrinkles and lines in your skin are probably caused by its extreme dryness. To remove them use this preparation which you can make for yourself, which will act rapidly and restore the softness and natural tone to the skin. Get an ounce of almond oil at the drug store and dissolve it in one-half pint cold water, adding two tablespoonfuls glycerine. Apply this before retiring and leave over night. This will remove wrinkles, prevent crow's feet and make your face soft and satiny. Since it has removed my crow's feet I use it to clear and whiten my skin.

Anna: No, don't make yourself miserable by unnecessary dieting or inducing in violent exercise to reduce fat. Make up and take this simple reducer and your weight will soon be just where you want it: Dissolve four ounces parnosin in one and one-half pints hot water; when it cools strain and add a tablespoonful before meals. This parnosin reducer is gentle, is quite harmless, and entirely satisfactory results are quickly attained.

Gracie: I have rejuvenated my complexion and again have the velvety rose-tint skin of my girlhood. I stopped using powder and now use this simple, inexpensive lotion: In one-half pint witch hazel or hot water dissolve four ounces sparnax, then add two teaspoonfuls glycerine. This lotion dries quickly after being applied and is inviolable. Use it on the face, neck, arms and hands and it will impart to the skin that youthful purity and exquisite tint that it is impossible to obtain any other way. It is excellent for chaps, cold sores and to protect against fall winds, and dispels the oily, sallow, rough condition in a very short time.

yeeping terrier within; and, secondly, put no trust in nice, clever, gimcrack locks. The only thing that bothers us is a huge old heavy one, no matter how simple the construction—and the ruder and rustier the key, so much the better for the housekeeper."
